Dear Valued Patients and Friends,

After 27 years of my commitment to practicing inclusive, esthetic and family dentistry, I have decided to announce my retirement. I appreciate the trust and loyalty you have placed in me during this time. It has been my singular honor to be your dentist. In many cases, I have treated three generations of your family.

Starting July 6, 2021 I have decided to intrust Dr. Zareh and his team to continue providing exceptional comprehensive dental care for your families. Although it was not an easy decision for me to retire, I do so knowing that my patients are in great hands.

Dr. Zareh, like myself, is also a graduate of USC School of Dentistry and has been practicing for the last 14 years. During this time he has built a team of dental professionals that will support him in this process. We share a lot of the same values when it comes to dentistry and patient care.

Some of the things you can expect as you come back in for your dental visits is an updated facility with new dental technology. You can also expect to have the same friendly, family feel as you have for all of these years. Again, I want to thank you for allowing me to be your dentist!

Thank You,

Dr. Kaiser
