

June—A Month Filled with Reasons to Smile

June conjures up images of brides in white dresses, grads in black caps and gowns, and Dad on his hammock, snoozing away a happy Father's Day.

Or June might mean summer vacation, and a trip to the beach, or the mountains, or a staycation right in your own backyard.

But June is also Oral Health Month, and we at The Dental Views want to make sure you have everything you need to enjoy a healthy smile—so that Oral Health Month stretches all year long!

Things to Know About June

June is the month with the longest daylight hours of the year, the actual longest day being June 21st, or the Summer Solstice.

It's also the first day of summer. That is, if you live in the Northern Hemisphere.

If you're a resident of Australia, or anywhere in the Southern Hemisphere, say hello to the beginning of winter.

The Winter Solstice begins June 21st in the land down under.

Not exactly the time to put a shrimp on the barbie.

In 2009 June was the 662 most popular name for girls in the U.S.

June's full Moon, the full Strawberry Moon, occurs on Thursday, June 24. It reaches peak illumination at 2:40 P.M. (EDT) that afternoon, but will not appear above the horizon until just after sunset.

June has its own beetle—the June Beetle, or June Bug. It emerges in late May or early June and lays its eggs, then dies at the end of summer. It's that big bug bouncing around your screen door!

A number of countries celebrate their flag days during the month of June. Sweden celebrates its flag day on June 6th, we celebrate ours on June 14th, and Denmark celebrates theirs on June 15th.

DID YOU KNOW?

Across the pond in the United Kingdom, June is National Smile Month!

Onsite Digital Printing

<https://sprintray.com/pro-desktop-3dprinter> The SprintRay Pro 95 and 55 are the most advanced, state-of-the-art digital 3D printers on the market.

Sierraview Office Now Offers Same-Day Dentures, Bridges, and Night Guards

Talk about convenient! Our Sierraview patients can now enjoy same-day delivery of custom dental appliances—everything from dentures, bridges and night guards to durable, high-strength crowns.

This leap forward is thanks to the Sierraview purchase of the SprintRay Pro 95, the most advanced, state-of-the-art digital 3D printer on the market. Our patients will benefit from custom-made dental appliances being mapped, manufactured, and fitted—often in the same visit.

That's because each appliance is custom made onsite.

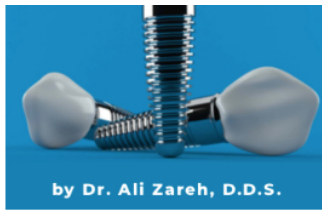

At Dental Views, our mission is to make our patient experience as pleasant and seamless as possible. By offering same-day dentures, bridges, crowns and night guards, we're taking one more step towards the goal of improving the quality of your care.

COMING IN JULY

Be on the lookout this July for a new eBook, written by our very own Dr. Zareh, which offers an insightful guide to the ins and outs of Dental Implants.

With chapters on the different kinds of Dental Implants, the benefits of implants over dentures, and how implants can truly change a person's life, it's a must read for anyone who's

ing, it's a must-read for anyone who's facing these kinds of dental issues.

Please be sure to recommend it to anyone you know who may be considering a Dental Implant procedure.

Celebrate Oral Health Month the Fun Way.

June means school's out for summer. But there's still more learning to be had, especially when it comes to oral health.

Here's a fun way to teach your kids good oral habits. Download these coloring activity sheets from the American Dental Association.

Just click on the images below and print out the pdf.
